Subject: FW: Oshkosh, WI FOIA

David:

The enforcement case was related to sanitary sewer overflows (SSOs) and not related in any way to the phosphorus issue described in the Citizen's document pages you referenced.

Do you want SSO enforcement documentation, or should that be taken off the list of documents you need?

Thanks again,
John Wiemhoff

Subject: Oshkosh, WI FOIA

John –

Following up on this FOIA request (EPA-R5-2016-003163) concerning documents related to Oshkosh's NPDES permit, does the requester want correspondence related to the enforcement of Oshkosh's NPDES permit. These enforcement documents include documentation of sanitary sewer overflows (SSOs) that occurred in Oshkosh and follow-up enforcement correspondence. If the requestor does want this information, the fee limit of \$150.00 may be exceeded due to the volume of documentation that may be responsive.

Please advise.

Thanks,
